

Literacy Link Eastern Ontario (LLEO) has reviewed and endeavoured to identify all relative OALCF competencies for each of the activities within the Landscaping and Grounds Maintenance curriculum. For each competency identified, a minimum of two performance descriptors have been indicated. These descriptors provide the rationale for the competency. The milestones and culminating tasks have not been included, since milestones are based on a learner's goal path and the curricula can be used for different goal paths.

Many agencies use curricula in a variety of ways, therefore, we have provided two additional charts for quick reference, one based on activity and one based on modules. This document contains the breakdown by activity for detailed information.

Modules for Landscaping and Grounds Maintenance

Overview

In the Workplace

Working with Plants - Getting Around

Working with Plants - Plant Names

Working with Plants - Planting

Safety on Site - Basic Safety Rules

Safety on Site - Working Outdoors

Safety on Site - Equipment

Landscape Math - Counting

Landscape Math - Line Measures

Landscape Math - Spatial Measures

Landscape Math - Paperwork

Grounds Maintenance - Site Check-up

Grounds Maintenance - Lawn Care

LLEO has provided the OALCF competency for each of the units within the Landscaping and Grounds Maintenance curriculum. For each competency that has been identified the performance descriptors have been indicated. These descriptors provide the rationale for the competency.

Overview

Unit: Job Description Learning Activity 1

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.2	Writes texts to explain or describe Begins to organize writing to communicate effectively

Unit: Job Description Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Conveys simple ideas and factual information Write simple texts to request, remind or inform

Unit: Job Description Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Conveys simple ideas and factual information Write simple texts to request, remind or inform

Unit: Job Description Learning Activity 4

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Conveys simple ideas and factual information Write simple texts to request, remind or inform

Unit: Job Description Learning Activity 5

B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences.
------	---

Unit: Essential Skills Profiles Learning Activity 1

A1.3	Integrates several pieces of information from texts Skims to get the gist of longer texts
A2.2	Performs limited searches using one or two search criteria Extracts information from tables and forms
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information
D2	Selects and follows appropriate steps to complete tasks Begins to identify sources and evaluate information

Unit: Essential Skills Profiles Learning Activity 2

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts
A2.2	Performs limited searches using one or two search criteria Extracts information from tables and forms
B3.1	Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible) Organizes lists to suit purpose (e.g. chronologically, alphabetically, numerically, sequentially)
D3	Experiments and problem-solves to achieve the desired results Makes inferences to interpret icons and text

In the Workplace

Unit: Attitude and Appearance - Learning Activity 1

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences Begins to organize writing to communicate effectively

Unit: Speaking at Work - Learning Activity 1

A1.2	Makes connections between sentences and between paragraphs in a single text Scans text to locate information Makes low-level inferences
A2.2	Extracts information from tables and forms Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Speaking at Work - Learning Activity 2

A1.2	Makes connections between sentences and between paragraphs in a single text Scans text to locate information Makes low-level inferences
A2.2	Extracts information from tables and forms Makes low-level inferences
B3.2	May draw on additional simple sources, such as a list Uses layout to determine where to make entries Follows instructions on documents

Unit: Speaking at Work - Learning Activity 3

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A1.2	Makes connections between sentences and between paragraphs in a single text
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Speaking at Work - Learning Activity 4

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.2	Makes low-level inferences Begins to identify sources and evaluate information
B3.2	Uses layout to determine where to make entries Follows instructions on documents

Unit: Learning to Listen - Learning Activity 1

A2.2	Extracts information from tables and forms Uses layout to locate information Locates information in simple graphs and maps
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Learning to Listen - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information

Unit: Learning to Listen - Learning Activity 3

A1.1	Decodes words and makes meaning of sentences in a single text Identifies the main idea in brief texts
A1.2	Scans text to locate information Locates multiple pieces of information in simple texts Makes connections between sentences and between paragraphs in a single text
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Learning to Listen - Learning Activity 4

A1.2	Makes connections between sentences and between paragraphs in a single text Makes low-level inferences
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences

Unit: Time Management - Learning Activity 1

B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary Sorts entries into categories and subcategories
B3.3	Uses layout to determine where to make entries Makes inferences to decide what, where, and how to enter information Follows conventions to display information in more complex documents (e.g. use of abbreviations, symbols) Displays many categories of information
C1.1	Adds, subtracts, multiplies and divides whole numbers and decimals Identifies and performs required operation
C1.2	Calculates percentages Chooses and performs required operation(s)

Working with Plants - Getting Around

Unit: Site Directions - Learning Activity 1

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information

Unit: Sketches and Plans - Learning Activity 1

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
B3.2	Sorts entries into categories Displays one or two categories of information organized according to content to be presented

Unit: Planting Plans - Learning Activity 1

B3.2	Displays one or two categories of information organized according to content to be presented Begins to make some inferences to decide what information is needed, where and how to enter the information
B4	Express oneself creatively

Unit: Planting Plans - Learning Activity 2

A2.2	Locates information in simple graphs and maps Uses layout to locate information
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information

Unit: Planting Plans - Learning Activity 3

A2.2	Locates information in simple graphs and maps Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Planting Plans - Learning Activity 4

A2.2	Locates information in simple graphs and maps Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Planting Plans - Learning Activity 5

A2.2	Locates information in simple graphs and maps Makes low-level inferences
B1.1	Participates in short, simple exchanges Repeats or questions to confirm understanding
B2.1	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences

Unit: Planting Plans - Learning Activity 6

A2.2	Locates information in simple graphs and maps Uses layout to locate information
B2.1	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences

Unit: Zones and Regions- Learning Activity 1

A2.2	Locates information in simple graphs and maps Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Zones and Regions - Learning Activity 2

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C4.2	Calculates averages (mean) and percentages Chooses and performs required operation(s); may make inferences to identify required operation(s)

Unit: Zones and Regions - Learning Activity 3

A2.1	Scans to locate specific details Interprets brief text and common symbols
A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C4.1	Identifies and compares quantities of items Understands numerical order

Unit: Zones and Regions - Learning Activity 4

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Plant Hardiness Zones - Learning Activity 1

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts
B3.2	Uses layout to determine where to make entries Begins to make some inferences to decide what information is needed, where and how to enter the information

Unit: Plant Hardiness Zones - Learning Activity 2

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
------	---

Unit: Plant Hardiness Zones - Learning Activity 3

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
B3.2	Uses layout to determine where to make entries Begins to make some inferences to decide what information is needed, where and how to enter the information

Unit: Plant Hardiness Zone Maps - Learning Activity 1

A2.2	Locates information in simple graphs and maps Uses layout to locate information Extracts information from tables and forms
B1.1	Participates in short, simple exchanges Repeats or questions to confirm understanding
B3.1	Makes a direct match between what is requested and what is entered Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible) Includes titles where required
D2	Makes low-level inferences to interpret icons and text Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Plant Hardiness Zone Maps - Learning Activity 2

A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
A2.2	Uses layout to locate information Makes connections between parts of documents
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Plant Hardiness Zone Maps - Learning Activity 3

A2.3	Integrates several pieces of information from documents Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Plant Hardiness Zone Maps - Learning Activity 4

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C4.1	Follows apparent steps to reach solutions Adds, subtracts, multiplies, and divides whole numbers and decimals

Working with Plants - Plant Names

Unit: Learning Plant Names - Learning Activity 1

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
C3.1	Makes simple estimates Use common standard units

Unit: Learning Plant Names - Learning Activity 2

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
D2	Selects and follows appropriate steps to complete tasks Makes low-level inferences to interpret icons and text

Unit: Learning Plant Names - Learning Activity 3

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
------	---

Unit: Learning Plant Names - Learning Activity 4

A1.2	Makes connections between sentences and between paragraphs in a single text Scans text to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Learning Plant Names - Learning Activity 5

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D2	Makes low-level inferences to interpret icons and text Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Common Sense - Learning Activity 1

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B1.1	Participates in short, simple exchanges Conveys information on familiar topics
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D2	Selects and follows appropriate steps to complete tasks Locates and recognizes functions and commands

Unit: Common Sense - Learning Activity 2

B1.2	Shows an awareness of factors that affect interactions, such as differences in opinions and ideas, and social linguistic and cultural differences Demonstrates some ability to use tone appropriately
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
E1	Takes responsibility for learning Begins to identify ways to remember information and reinforce learning

Unit: Memory Use - Learning Activity 1

A3	Extract information from films, broadcasts and presentations
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Memory Use - Learning Activity 2

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
D1	Follows simple prompts Follows apparent steps to complete tasks

Unit: Memory Tricks - Learning Activity 1

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
------	---

Unit: Memory Tricks - Learning Activity 2

A2.2	Makes connections between parts of documents Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Memory Tricks - Learning Activity 3

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B1.1	Participates in short, simple exchanges Repeats or questions to confirm understanding
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information

Unit: Memory Tricks - Learning Activity 4

A2.1	Interprets brief text and common symbols Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Memory Tricks - Learning Activity 5

B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Working with Plants - Planting

Unit: Life Cycle of Plants - Learning Activity 1

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Uses layout to locate information Makes connections between parts of documents
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Life Cycle of Plants - Learning Activity 2

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.1	Interprets brief text and common symbols Locates specific details in simple documents, such as labels and signs
B3.2	May draw on additional simple sources, such as a list Uses layout to determine where to make entries Begins to make some inferences to decide what information is needed, where and how to enter the information

Unit: Life Cycle of Plants - Learning Activity 3

A2.2	Performs limited searches using one or two search criteria Extracts information from tables and forms Uses layout to locate information
B1.1	Participates in short, simple exchanges Repeats or questions to confirm understanding
B1.2	Shows an awareness of factors that affect interactions, such as differences in opinions and ideas, and social, linguistic, and cultural differences Speaks or signs clearly in a focused and organized way
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D2	Makes low-level inferences to interpret icons and text Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Life Cycle of Plants - Learning Activity 4

A2.2	Performs limited searches using one or two search criteria Extracts information from tables and forms Uses layout to locate information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D2	Makes low-level inferences to interpret icons and text Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Soil- Learning Activity 1

A2.2	Performs limited searches using one or two search criteria Extracts information from tables and forms Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.1	Measures distance, length, width, height, weight, liquid volume, angles, and temperature Uses common standard units (e.g. metres, inches) and non-standard units (e.g. paces, cupfuls, scoops)

Unit: Soil- Learning Activity 2

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Fertilizer- Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Performs limited searches using one or two search criteria Makes connections between parts of documents
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C4.1	Identifies and compares quantities of items Interprets and represents values using whole numbers, decimals, percentages, and simple, common fractions

Unit: Fertilizer- Learning Activity 2

A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Fertilizer- Learning Activity 3

A2.2	Uses layout to locate information Makes connections between parts of documents
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Fertilizer- Learning Activity 4

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.2	Uses layout to locate information Makes connections between parts of documents
B1.1	Conveys information on familiar topics Participates in short, simple exchanges
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Fertilizer- Learning Activity 5

A1.2	Scans text to locate information Makes low-level inferences
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Fertilizer- Learning Activity 6

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
------	---

Unit: Planting Materials - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information

Unit: Planting Tools - Learning Activity 1

A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Types of Plantings - Learning Activity 1

A1.2	Scans text to locate information Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Types of Plantings - Learning Activity 2

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
------	---

Unit: Types of Plantings - Learning Activity 3

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Types of Plantings - Learning Activity 4

A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D2	Selects and follows appropriate steps to complete tasks Makes low-level inferences to interpret icons and text Begins to identify sources and evaluate information

Unit: Planting Tasks - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies main idea in brief texts
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Planting Tasks - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies main idea in brief texts
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Planting Tasks - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies main idea in brief texts
B3.2	Begins to make some inferences to decide what information is needed, where and how to enter the information Makes entries using a limited range of vocabulary

Unit: Planting Instructions - Learning Activity 1

A3	Find and Use Information
B3.2	Begins to make some inferences to decide what information is needed, where and how to enter the information Makes entries using a limited range of vocabulary

Unit: Planting Instructions - Learning Activity 2

B3.2	Uses layout to determine where to make entries Begins to make inferences to decide what information is needed, where and how to enter information
------	--

Unit: Planting Instructions - Learning Activity 3

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts
A2.2	Extracts information from tables and forms Uses layout to locate information
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
B3.2	Begins to make some inferences to decide what information is needed, where and how to enter the information Makes entries using a limited range of vocabulary
D2	Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Planting Instructions - Learning Activity 4

A3	Extract information from films, broadcasts and presentations
B3.2	Begins to make some inferences to decide what information is needed, where and how to enter the information Makes entries using a limited range of vocabulary

Unit: Planting Instructions - Learning Activity 5

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Planting Instructions - Learning Activity 6

B2.3	Writes texts to present information, summarize, express opinions, present arguments, convey ideas, or persuade Organizes and sequences writing to communicate effectively
------	--

Unit: Planting Instructions - Learning Activity 7

A2.2	Extracts information from tables and forms Begins to identify sources and evaluate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D2	Selects and follows appropriate steps to complete tasks Makes low-level inferences to interpret icons and text Begins to identify sources and evaluate information

Safety on Site - Basic Safety Rules

Unit: The Law Says... - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: The Law Says... - Learning Activity 2

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: General Precautions - Learning Activity 1

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: General Precautions - Learning Activity 2

A1.2	Locates multiple pieces of information in simple texts Scans text to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: General Precautions - Learning Activity 3

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: General Precautions - Learning Activity 4

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: General Precautions - Learning Activity 5

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: General Precautions - Learning Activity 6

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: General Precautions - Learning Activity 7

A1.2	Makes connections between sentences and between paragraphs in a single text Makes low-level inferences
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Safety Tips - Learning Activity 1

A1.2	Locates multiple pieces of information in simple texts Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Safety Tips - Learning Activity 2

A1.2	Locates multiple pieces of information in simple texts Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Safety Tips - Learning Activity 3

A1.2	Locates multiple pieces of information in simple texts Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Manual Materials Handling - Learning Activity 1

A2.1	Scans to locate specific details Identifies how lists are organized (e.g. sequential, chronological, alphabetical) Locates specific details in simple documents, such as labels and signs
B2.1	Conveys simple ideas and factual information Demonstrates a limited understanding of sequence
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Manual Materials Handling - Learning Activity 2

A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Shoveling and Digging - Learning Activity 1

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Shoveling and Digging - Learning Activity 2

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Licensed Use Only - Learning Activity 1

A1.2	Scans to locate specific details Interprets brief text and common symbols Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: WHMIS - Learning Activity 1

A2.2	Extracts information from tables and forms Uses layout to locate information Performs limited searches using one or two search criteria
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C2.1	Understands and uses common date formats Represents dates and times using standard conventions

Unit: WHMIS - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts Decodes words and makes meaning of sentences in a single text
A1.2	Makes connections between sentences and between paragraphs in a single text Makes low-level inferences Obtains information from detailed reading
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
A2.2	Performs limited searches using one or two search criteria Extracts information from tables and forms Uses layout to locate information
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Safety on Site - Working Outdoors

Unit: Personal Protective Equipment - Learning Activity 1

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Personal Protective Equipment - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Personal Protective Equipment - Learning Activity 3

A1.2	Locates multiple pieces of information in simple texts Obtains information from detailed reading
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Working in Cold Environments - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts Decodes words and makes meaning of sentences in a single text
A1.2	Scans text to locate information Locates multiple pieces of information in simple texts Makes connections between sentences and between paragraphs in a single text
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Working in Hot Environments - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information

Unit: Working in Hot Environments - Learning Activity 2

A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information

Unit: Working in Hot Environments - Learning Activity 3

A2.2	Extracts information from tables and forms Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Working in Hot Environments - Learning Activity 4

A1.2	Makes connections between sentences and between paragraphs in a single text Scans text to locate information Locates multiple pieces of information in simple texts
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences Begins to organize writing to communicate effectively

Unit: Ultraviolet Radiation - Learning Activity 1

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Ultraviolet Radiation - Learning Activity 2

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.2	Extracts information from tables and forms Uses layout to locate information
B2.1	Conveys simple ideas and factual information Uses sentence structure, upper and lower case, and basic punctuation
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Ultraviolet Radiation - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Ultraviolet Radiation - Learning Activity 4

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Natural Toxins - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
D2	Selects and follows appropriate steps to complete tasks Begins to identify sources and evaluate information Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Natural Toxins - Learning Activity 2

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts Reads more complex texts to locate a single piece of information Begins to identify sources and evaluate information
A2.2	Performs limited searches using one or two search criteria Extracts information from tables and forms
B3.2	Begins to make some inferences to decide what information is needed, where and how to enter the information Makes entries using a limited range of vocabulary Follows instructions on documents
D2	Selects and follows appropriate steps to complete tasks Begins to identify sources and evaluate information Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Natural Toxins - Learning Activity 3

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Biting Stings - Learning Activity 1

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts
A2.2	Performs limited searches using one or two search criteria Uses layout to locate information
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information

Unit: Biting Stings - Learning Activity 2

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
D2	Selects and follows appropriate steps to complete tasks Makes low-level inferences to interpret icons and text

Unit: Biting Stings - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Safety on Site - Equipment

Unit: Machinery Hazards - Learning Activity 1

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.2	Follows conventions to display information in simple documents (e.g. use of font, colour, shading, bulleted lists) Identifies parts of documents using titles, row and column headings, and labels

Unit: Operating Manuals - Learning Activity 1

A2.1	Scans to locate specific details Interprets brief text and common symbols
A2.2	Extracts information from tables and forms Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Operating Manuals - Learning Activity 2

A1.2	Scans text to locate information Locates multiple pieces of information in simple texts
A2.2	Extracts information from tables and forms Uses layout to locate information Makes low-level inferences
B3.2	Begins to make some inferences to decide what information is needed, where and how to enter the information Follows instructions on documents
D2	Selects and follows appropriate steps to complete tasks Makes low-level inferences to interpret icons and text

Unit: Riding Lawn Mowers - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Riding Lawn Mowers - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Identifies how lists are organized (e.g. sequential, chronological, alphabetical)
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information

Unit: Riding Lawn Mowers - Learning Activity 3

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible)

Unit: Riding Lawn Mowers - Learning Activity 4

A1.1	Decodes words and makes meaning of sentences in a single text Reads short texts to locate a single piece of information
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible)
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Riding Lawn Mowers - Learning Activity 5

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible)

Unit: Riding Lawn Mowers - Learning Activity 6

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
------	---

Unit: Power Lawn Mowers - Learning Activity 1

A1.2	Makes low-level inferences Obtains information from detailed reading
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.2	Begins to make some inferences to decide what information is needed, where and how to enter the information Follows conventions to display information in simple documents (e.g. use of font, colour, shading, bulleted lists)

Unit: Garden Tractors - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Garden Tractors - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Garden Tractors - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible)

Unit: Grass Trimmers and Brush Cutters - Learning Activity 1

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Grass Trimmers and Brush Cutters - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.2	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible)

Unit: Grass Trimmers and Brush Cutters - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Grass Trimmers and Brush Cutters - Learning Activity 4

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible)

Landscape Math - Counting

Unit: Batches - Learning Activity 1

B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C4.1	Adds, subtracts, multiplies, and divides whole numbers and decimals Identifies and compares quantities of items

Unit: Batches - Learning Activity 2

A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C4.1	Adds, subtracts, multiplies, and divides whole numbers and decimals Recognizes simple patterns Identifies and performs required operation

Unit: Planting Trays - Learning Activity 1

A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
A2.3	Performs complex searches using multiple search criteria Uses layout to locate information Makes inferences and draws conclusions from information displays
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
B3.2	May draw on additional simple sources, such as a list Uses layout to determine where to make entries Begins to make some inferences to decide what information is needed, where and how to enter the information
C4.1	Adds, subtracts, multiplies, and divides whole numbers and decimals Identifies and compares quantities of items
C4.2	Chooses and performs required operation(s); may make inferences to identify required operation(s) Selects appropriate steps to solutions

Landscape Math - Line Measures

Unit: Imperial Measures - Learning Activity 1

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Interprets and applies rates (e.g. km/hr, km/l) and ratios (e.g. map scales) Converts units of measurement within the same system and between systems

Unit: Imperial Measures - Learning Activity 2

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Converts units of measurement within the same system and between systems
D2	Selects and follows appropriate steps to complete tasks Locates and recognizes functions and commands

Unit: Imperial Measures - Learning Activity 3

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.1	Uses common measuring tools, such as rulers, scales, and thermometers Interprets and represents measures using symbols and abbreviations (e.g. inches as ", centimetres as cm, pounds as lbs, kilograms as kilos or kg)

Unit: Imperial Measures - Learning Activity 4

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Extracts information from tables and forms Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C2.1	Understands and uses common date formats Represents dates and times using standard conventions
C3.1	Uses common measuring tools, such as rulers, scales, and thermometers Interprets and represents measures using whole numbers, decimals and simple, common fractions (e.g. 1/2, 1/4)
D2	Selects and follows appropriate steps to complete tasks Locates and recognizes functions and commands

Unit: Metric Measures - Learning Activity 1

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.1	Uses common measuring tools, such as rulers, scales, and thermometers Identifies and performs required operation

Unit: Metric Measures - Learning Activity 2

A2.2	Extracts information from tables and forms Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.1	Uses common measuring tools, such as rulers, scales, and thermometers Identifies and performs required operation

Unit: Metric Measures - Learning Activity 3

A2.2	Extracts information from tables and forms Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Selects appropriate steps to solutions Chooses and performs required operation(s); may make inferences to identify required operation(s)

Unit: Metric Measures - Learning Activity 4

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Converts units of measurement within the same system and between systems Selects appropriate steps to solutions

Unit: Metric Measures - Learning Activity 5

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Converts units of measurement within the same system and between systems Selects appropriate steps to solutions

Unit: Metric Measures - Learning Activity 6

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Extracts information from tables and forms Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C2.1	Understands and uses common date formats Represents dates and times using standard conventions
C3.1	Measures distance, length, width, height, weight, liquid volume, angles, and temperature- Interprets and represents measures using whole numbers, decimals and simple, common fractions (e.g. 1/2, 1/4)
D2	Selects and follows appropriate steps to complete tasks Locates and recognizes functions and commands

Unit: Fractions and Decimals - Learning Activity 1

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Converts units of measurement within the same system and between systems

Unit: Fractions and Decimals - Learning Activity 2

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Converts units of measurement within the same system and between systems

Unit: How to Read a Measuring Tape - Learning Activity 1

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.1	Uses common measuring tools, such as rulers, scales, and thermometers Measures distance, length, width, height, weight, liquid volume, angles, and temperature

Unit: How to Read a Measuring Tape - Learning Activity 2

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.1	Uses common measuring tools, such as rulers, scales, and thermometers Measures distance, length, width, height, weight, liquid volume, angles, and temperature Chooses appropriate units measurement (e.g. centimetres, metres, kilometres)

Landscape Math - Spatial Measures

Unit: Visual Aids - Learning Activity 1

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.1	Measures distance, length, width, height, weight, liquid volume, angles, and temperature Uses common measuring tools, such as rulers, scales, and thermometers

Unit: Visual Aids - Learning Activity 2

B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.1	Measures distance, length, width, height, weight, liquid volume, angles, and temperature Uses common measuring tools, such as rulers, scales, and thermometers

Unit: Visual Aids - Learning Activity 3

A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Visual Aids - Learning Activity 4

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Understands and uses ratio and proportion Interprets and applies rates (e.g. km/hr, km/l) and ratios (e.g. map scales)

Unit: Area- Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary Follows conventions to display information in lists, labels, simple forms, signs (e.g. images support the message, text is legible) Presents text and numbers below one or more headings in lists
C1.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Interprets and applies rates (e.g. \$/kg, \$/l)
C3.2	Understands and uses formulas for finding the perimeter, area, and volume of simple, common shapes Interprets and applies rates (e.g. km/hr, km/l) and ratios (e.g. map scales). Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Interprets and represents area and volume using symbols and abbreviations (e.g. m ³)
C3.3	Interprets, represents and converts measures using whole numbers, decimals, percentages, ratios, and fractions Chooses and performs required operations; makes inferences to identify required operations

Unit: Shapes- Learning Activity 1

A2.2	Makes connections between parts of documents Makes low-level inferences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
C4.1	Adds, subtracts, multiplies, and divides whole numbers and decimals Identifies and compares quantities of items

Unit: Perimeter- Learning Activity 1

A1.2	Locates multiple pieces of information in simple texts Obtains information from detailed reading Makes low-level inferences
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs Interprets brief text and common symbols
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C1.1	Recognizes values in number and word format Understands numerical order
C1.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Chooses and performs required operation(s) Interprets and applies rates (e.g. \$/kg, \$/l)
C3.2	Understands and uses formulas for finding the perimeter, area, and volume of simple, common shapes Chooses and performs required operation(s); may make inferences to identify required operation(s)
C3.3	Interprets, represents, and converts measures using whole numbers, decimals, percentages, ratios, and fractions Chooses and performs required operations; makes inferences to identify required operations

Unit: Cubic Units- Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A1.2	Locates multiple pieces of information in simple texts Reads more complex texts to locate a single piece of information Scans text to locate information Makes low-level inferences
A2.1	Scans to locate specific details Locates specific details in simple documents, such as labels and signs
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Converts units of measurement within the same system and between systems Understands and uses formulas for finding the perimeter, area, and volume of simple, common shapes Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Selects appropriate steps to solutions

Landscape Math - Paperwork

Unit: Schedules and Time Sheets - Learning Activity 1

A2.2	Extracts information from tables and forms Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C2.1	Recognizes values in number and word format Understands chronological order Adds, subtracts, multiplies, and divides whole numbers and decimals Identifies and performs required operation
C2.2	Calculates using numbers expressed as whole numbers, fractions, decimals, and percentages Selects appropriate steps to reach solutions

Unit: Schedules and Time Sheets - Learning Activity 2

A1.2	Locates multiple pieces of information in simple texts Makes low-level inference
B3.2	Begins to make some inferences to decide what information is needed, where and how to enter the information Makes entries using a limited range of vocabulary
C2.2	Calculates using numbers expressed as whole numbers, fractions, decimals, and percentages Chooses and performs required operation(s); may make inferences to identify required operation(s)

Unit: Payroll Slips - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Writes simple texts to request, remind or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C1.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Interprets and applies rates (e.g. \$/kg, \$/l)
C2.2	Calculates using numbers expressed as whole numbers, fractions, decimals, and percentages Interprets and applies rates (e.g. \$/hr, km/hr, cooking time/pound)
D1	Follows simple prompts Interprets brief text and icons

Unit: Payroll Slips - Learning Activity 2

A2.2	Extracts information from tables and forms Uses layout to locate information
B3.2	Uses layout to determine where to make entries Begins to make some inferences to decide what information is needed, where and how to enter the information
C1.2	Chooses and performs required operation(s) Selects appropriate steps to reach solutions

Unit: Payroll Slips - Learning Activity 3

A2.2	Extracts information from tables and forms Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
B3.2	Uses layout to determine where to make entries Begins to make some inferences to decide what information is needed, where and how to enter the information
C1.1	Adds, subtracts, multiplies, and divides whole numbers and decimals Identifies and performs required operation
C1.2	Chooses and performs required operation(s) Selects appropriate steps to reach solutions

Grounds Maintenance - Site Check Up

Unit: Weeds - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A1.2	Makes connections between sentences and between paragraphs in a single text Locates multiple pieces of information in simple texts
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences

Unit: Weeds - Learning Activity 2

A1.2	Locates multiple pieces of information in simple texts Obtains information from detailed reading
A2.2	Performs limited searches using one or two search criteria Extracts information from tables and forms
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D2	Selects and follows appropriate steps to complete tasks Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Plant Pests - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences

Unit: Plant Pests - Learning Activity 2

A1.2	Scans text to locate information Reads more complex texts to locate a single piece of information Obtains information from detailed reading
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Plant Pests - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D2	Selects and follows appropriate steps to complete tasks Locates and recognizes functions and commands

Unit: Plant Pests - Learning Activity 4

B1.2	Uses strategies to maintain communication, such as encouraging responses from others and asking questions Rephrases to confirm or increase understanding
B2.2	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information

Unit: Plant Diseases - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
D2	Selects and follows appropriate steps to complete tasks Locates and recognizes functions and commands

Unit: Plant Diseases - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
D2	Selects and follows appropriate steps to complete tasks Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Plant Diseases - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Extracts information from tables and forms Makes low-level inferences
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
D2	Selects and follows appropriate steps to complete tasks Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Plant Diseases - Learning Activity 4

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
D2	Selects and follows appropriate steps to complete tasks Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Equipment Maintenance - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Equipment Maintenance - Learning Activity 2

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Extracts information from tables and forms Uses layout to locate information
B3.2	May draw on additional simple sources, such as a list Uses layout to determine where to make entries

Unit: Equipment Maintenance - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Extracts information from tables and forms Uses layout to locate information
B3.2	May draw on additional simple sources, such as a list Uses layout to determine where to make entries

Unit: Equipment Maintenance - Learning Activity 4

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Extracts information from tables and forms Uses layout to locate information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Equipment Maintenance - Learning Activity 5

A2.2	Extracts information from tables and forms Uses layout to locate information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Grounds Maintenance - Lawn Care

Unit: Turf Grasses - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A1.2	Locates multiple pieces of information in simple texts Makes low-level inferences
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
B3.2	May draw on additional simple sources, such as a list Begins to make some inferences to decide what information is needed, where and how to enter the information

Unit: Turf Grasses - Learning Activity 2

A1.2	Locates multiple pieces of information in simple texts Reads more complex texts to locate a single piece of information
A2.2	Extracts information from tables and forms Uses layout to locate information
B2.2	Conveys intended meaning on familiar topics for a limited range of purposes and audiences Connects ideas using paragraph structure
D2	Selects and follows appropriate steps to complete tasks Performs simple searches using keywords (e.g. Internet, software help menu)

Unit: Turf Problems - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
D1	Follows apparent steps to complete tasks Interprets brief text and icons

Unit: Turf Problems - Learning Activity 2

A1.2	Scans text to locate information Obtains information from detailed reading
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Turf Problems - Learning Activity 3

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B2.2	Writes texts to explain or describe Conveys intended meaning on familiar topics for a limited range of purposes and audiences
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary

Unit: Turf Mowing - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.2	Extracts information from tables and forms Uses layout to locate information
B2.1	Writes simple texts to request, remind, or inform Conveys simple ideas and factual information
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
C3.2	Calculates using numbers expressed as whole numbers, fractions, decimals, percentages, and integers Selects appropriate steps to solutions

Unit: Laying Sod - Learning Activity 1

A1.1	Reads short texts to locate a single piece of information Identifies the main idea in brief texts
A2.1	Scans to locate specific details Interprets brief text and common symbols
B3.1	Makes a direct match between what is requested and what is entered Makes entries using familiar vocabulary
